

INSTITUTIONAL RESUME

I MISSION

Instituto Cuanto is a non-profit, non-government Peruvian association. Its main business is the production, gathering, analysis, and dissemination of statistical information. Its main research fields include: economics, demography, household living conditions, the performance of institutions, and the environment.

Instituto Cuanto was founded in 1989 by Richard Webb, Josefina Camminati, Graciela Fernández Baca, Gilberto Moncada and Enrique Zileri.

II GOALS

Instituto Cuanto aims at the following objectives:

- To improve estimation methods to enhance the accuracy, timing, and applicability of economic and social statistics for public and private decision making.
- To produce, gather, analyse, organise and disseminate quantitative and qualitative information
- To carry out specific studies that address actual economic, social, and environmental issues.
- To assess the performance of public institutions and the quality of services they provide.
- To provide politically independent means to track and monitor economic, social and environmental variables.
- To provide advice for the design of social and environmental policies.
- To democratise the access to information in this 21st-Century information society.

III MANAGEMENT

Board of Directors

Richard Webb - President
Graciela Fernández Baca - Director
Josefina Camminati - Director
Gilberto Moncada - Director

General Manager

Eco. Moisés Ventocilla

INSTITUTIONAL RESUME

IV RESOURCES

The Institute's staff is highly qualified and has broad expertise in studies, censuses, and surveys, development and processing of economic and social data bases, environmental monitoring, and research.

There are thirty permanent staffs and employs experts for specific projects from a pool of national and international professionals and technicians.

V MAIN CLIENTS

- United States Agency for International Development (USAID)
- Central Bank of Peru (BCRP)
- Inter American Development Bank (IADB)
- The World Bank (WB)
- National Confederation of Private Companies (CONFIEP)
- Social Security Healthcare (ESSALUD)
- National Fund for Social Compensation and Development (FONCODES)
- National Water Basin Management and Soil Preservation Programme (PRONAMACHS)
